

Springers & seesaws

Thoroughly tested quality
Low maintenance
Broad range of playful designs

High quality seesaws and springers

What makes LEDON springers and seesaws so popular?

- Springs of special steel that can take bending in all directions. Designed so that no children can get their fingers or feet trapped. Patented housings with self-locking nuts.
- All U-shape handles have good gripping surfaces and are rounded off, which minimizes the risk of eye and teeth damage. Made of shock proof nylon. Fingers won't freeze to them.
- All horizontal surfaces are covered with rubber to make them skid-proof – car industry technology.
- Nut cap covers sharp edges and prevent unwanted removal.
- All handles, nut caps, footrests etc. are manufactured from impact-proof nylon. The nylon is shock proof between -40°C to + 110°C.
- All PE-parts are manufactured from environmentally friendly polyethylene (HDPE) Advantages: Low maintenance, non-toxic material, 100% recyclable, scratches and dents do not reduce neither the quality nor the lifetime of the product. All our PE-plates are UV stabilized. Our plates of Polyethylene don't splinter, and all joints are gap-free. Which means that neither fingers nor clothes can get caught or ripped.
- PAK test. All synthetic fabrics are tested free of heavy substances by TÜV.
- All LEDON play equipment are tested and approved according to the latest specifications of EN 1176 by TÜV.

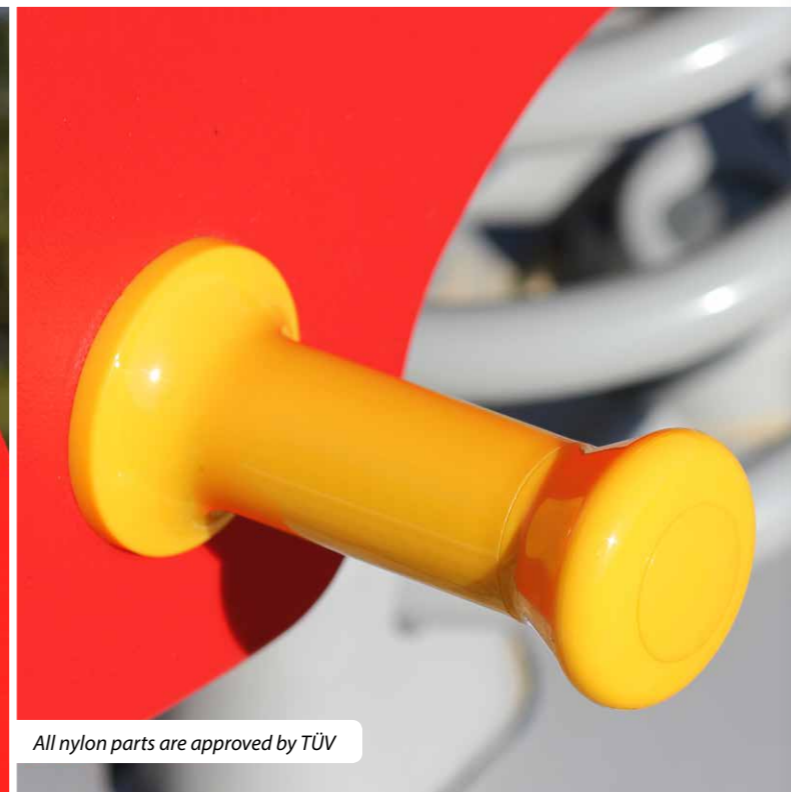

Springers

"Get out of the way!!" – a brave cowboy is galloping across the prairie while a wild lion is hunting his prey. Only the leopard manages to overtake. There is only one way, and that is out across the steppe!

Ergonomically shaped handle for safe play

All nylon parts are approved by TÜV

The springs of LEDON's springers will survive even the wildest rider! In our product range, you will find springers for tall and small so that all children can have a great time.

Rocking is fun, but it's also important. Children use their whole body to keep the springer springing. That is healthy and beneficial for their body perception. The forward and backward movement teaches the children something about cause and effect and stimulates the bony labyrinth, which again strengthens balance and learning skills.

Strong and safe

All our springers are made of low maintenance materials. Their seats are made of splinter-proof polyethylene and coated with skid-proof rubber – so the children can just push it! Ergonomic nylon handles reduce the risk of eye and dental injuries, while small fingers won't freeze to them. Nor will fingers get pinched between the coils.

-  (LxWxH) 78 x 77 x 83 cm
-  (LxW) 278 x 277 cm
-  Non-skid seat

The spring fixing are patented and very durable

All handles have good gripping surfaces

Seesaws

“Uuuup and down, uuuup and down” – children just love that tickling in their tummies! When you’re up, you can view the whole playground – or even the whole world? When you’re down, you have to use your leg muscles to push yourself up again, up, up in the air!

What a wonderful thing to play with weight and equilibrium and to enjoy soothing repetition. Physical activity strengthens children’s self-confidence, their belief in their own skills, thus enhances their willingness to play with others.

When seesawing, all large muscle groups get trained. That increases not only body awareness, but also social and language skills, because you can’t seesaw alone! Balancing and coordinating is a cooperation that gets children to bond!

Fun and safety need to balance

LEDON’s seesaws are made of low maintenance, top quality materials. They are equipped with skid-proof seats and ergonomic nylon handles that are easy to hold on to without freezing to them and reduce the risk for dental and eye injuries.

The seesaws’ springs can bend in all directions, the coils are designed so that no fingers can get pinched.

Windsurfer

LEDON has developed a whole new kind of seesaw – the Windsurfer.

The Windsurfer was developed with the children's gross motor skills in mind, as well as their balance sense and coordination skills. And then the Windsurfer is a good choice if you want 2-3 children to seesaw.

Shock-absorbing springs guarantee that the Windsurfer does not hit the ground nor springs back when a child falls off.

302210 Windsurfer, yellow

-  From 2 years
-  (H) 45 cm
-  (LxWxH) 141 x 60 x 187 cm
-  (LxW) 441 x 360 cm
-  Non-skid surface

302215 Windsurfer, Marina

-  From 2 years
-  (H) 45 cm
-  (LxWxH) 141 x 60 x 187 cm
-  (LxW) 441 x 360 cm
-  Non-skid surface

300080 Windsurfer, Pirates

-  From 2 years
-  (H) 45 cm
-  (LxWxH) 141 x 60 x 187 cm
-  (LxW) 441 x 360 cm
-  Non-skid surface

The Windsurfer can also be used by toddlers

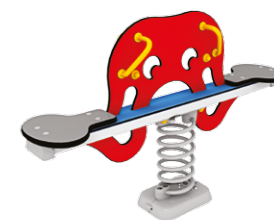

418
Butterfly

-  From 2 years
-  (H) 47 cm
-  (LxWxH) 123 x 28 x 83 cm
-  (LxW) 423 x 328 cm
-  Non-skid seats

302120
Octopus, red

-  From 2 years
-  (H) 50 cm
-  (LxWxH) 130 x 29 x 79 cm
-  (LxW) 430 x 329 cm
-  Non-skid seats

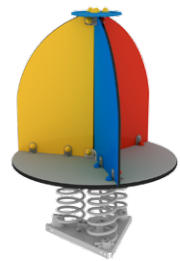

474
Octopus, blue

-  From 2 years
-  (H) 50 cm
-  (LxWxH) 127 x 28 x 78 cm
-  (LxW) 427 x 328 cm
-  Non-skid seats

450 Jupiter

-  From 2 years
-  (H) 45 cm
-  (LxWxH) 92 x 92 x 146 cm
-  (LxW) 392 x 392 cm
-  Non-skid flooring

On Jupiter, both coordination and cooperation are trained

419 Pony

-  From 2 years
-  (H) 52 cm
-  (LxWxH) 168 x 136 x 94 cm
-  (LxW) 468 x 436 cm
-  Non-skid seats

421 Elephant

-  From 2 years
-  (H) 52 cm
-  (LxWxH) 168 x 136 x 87 cm
-  (LxW) 468 x 436 cm
-  Non-skid seats

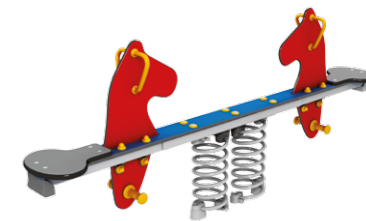

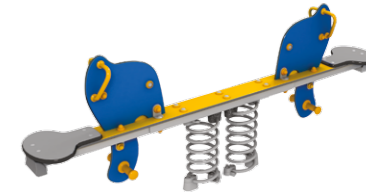

440
Flower

-  From 2 years
-  (H) 45 cm
-  (LxWxH) 108 x 108 x 64 cm
-  (LxW) 408 x 408 cm
-  Non-skid seats

422
Sea Elephant

-  From 3 years
-  (H) 51 cm
-  (LxWxH) 210 x 28 x 81 cm
-  (LxW) 510 x 328 cm
-  Non-skid seats

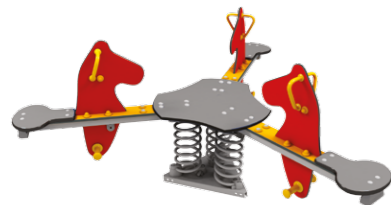

424
Sea horse

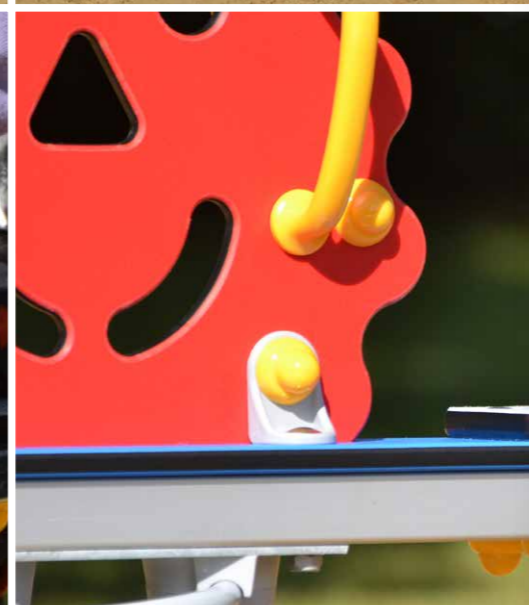

-  From 3 years
-  (H) 51 cm
-  (LxWxH) 210 x 28 x 81 cm
-  (LxW) 510 x 328 cm
-  Non-skid seats

470
Triangle

-  From 2 years
-  (H) 52 cm
-  (LxWxH) 197 x 174 x 91 cm
-  (LxW) 497 x 474 cm
-  Non-skid seats

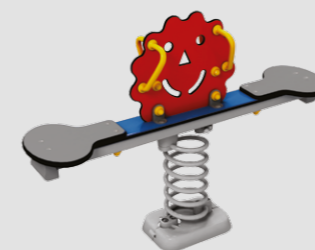

438 Sputnik

-  From 2 years
-  (H) 47 cm
-  (LxWxH) 116 x 43 x 54 cm
-  (LxW) 416 x 343 cm
-  Non-skid seats

442 Sun

-  From 2 years
-  (H) 50 cm
-  (LxWxH) 115 x 28 x 80 cm
-  (LxW) 415 x 328 cm
-  Non-skid seats

443 Moon

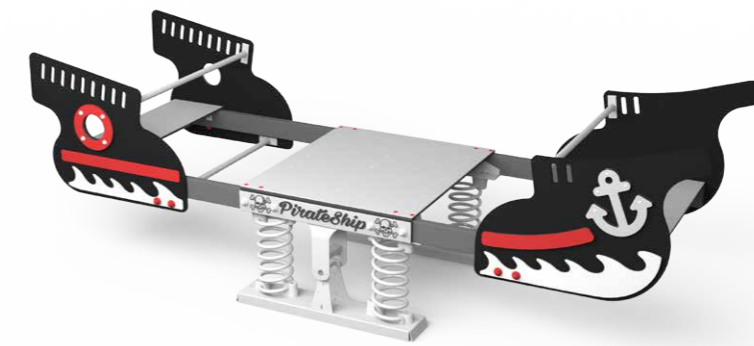

-  From 2 years
-  (H) 50 cm
-  (LxWxH) 115 x 28 x 80 cm
-  (LxW) 415 x 328 cm
-  Non-skid seats

New multi-seesaw

Welcome aboard the wobbling pirate ship. This multi-seesaw offers room for many children of all ages. To get the seesaw going, the children need to use their cooperation skills. Playing on the seesaw strengthens motor skills, balance sense and coordination skills – and helps the children to socialize.

The youngest can quietly sit at the ends while the older children can jump and hop on the centre platform.

300090 Multi-seesaw, Pirates

-  From 3 years
-  (H) 100 cm
-  (LxWxH) 312 x 115 x 100 cm
-  (LxW) 512 x 315 cm
-  Non-skid seats and platform

Technical specifications

Do you have questions or do you need help, please feel free to contact your dealer ...

Seats

- Material: 17 mm non-toxic PE (polyethylene) core coated with skid-proof rubber layer on both sides.
- Approved of EN 1171, part 1-3.
- UV-protected colours and raw material.
- Free from heavy substances like chrom, lead etc.
- Low maintenance.
- 20 years warranty on all PE-boards.

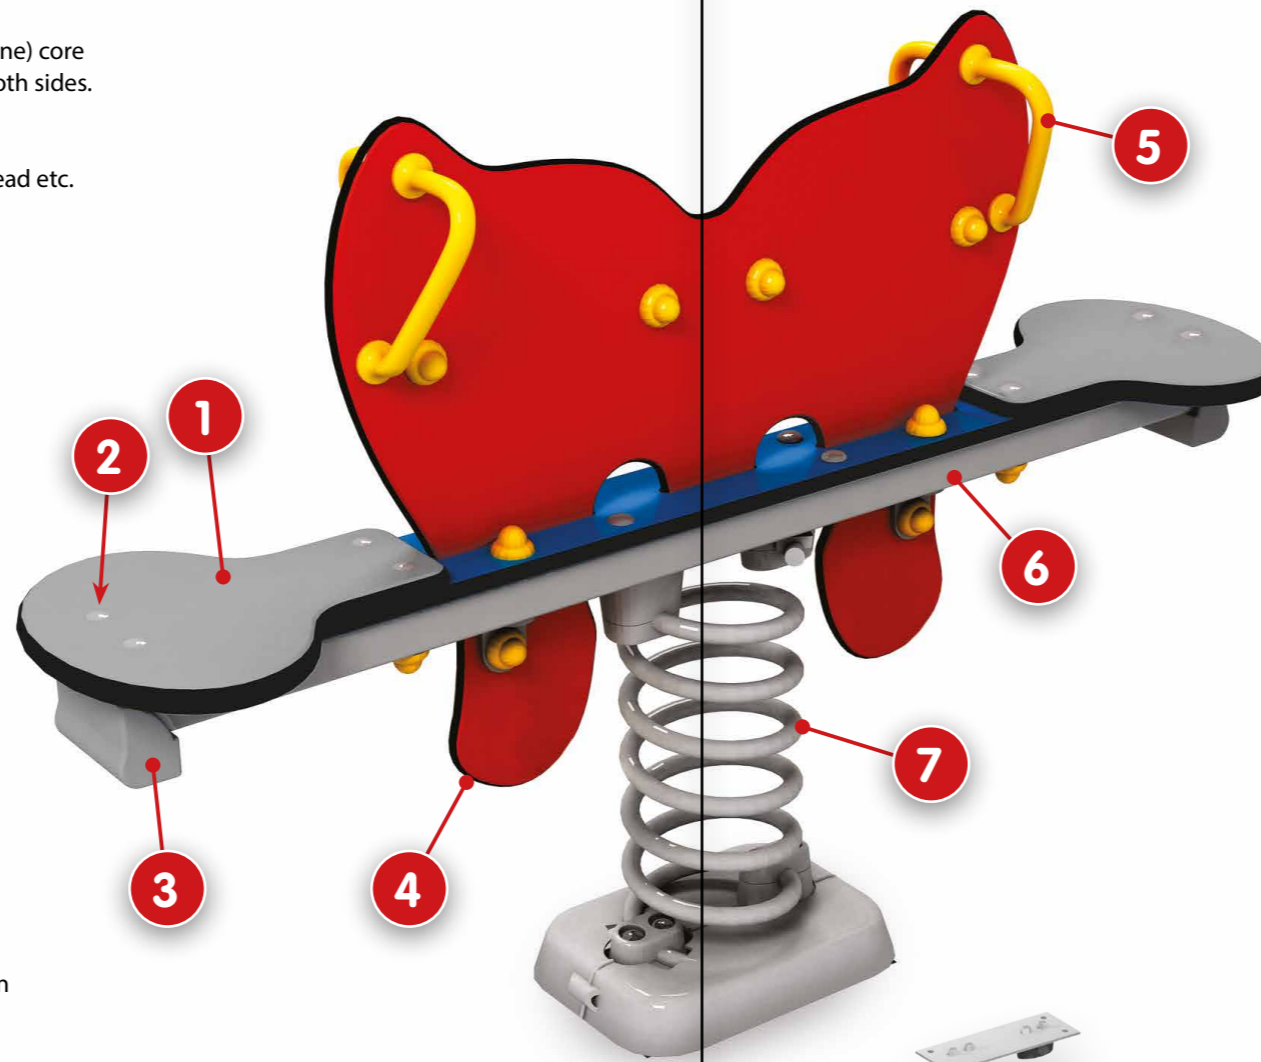

Screws and bolts

- Material: stainless or galvanized steel.
- 10 years warranty on all screws and bolts.

Rubber parts

- Rubber damper under the seat protects in case the seat hits the ground.
- Low maintenance.
- 10 years warranty on all rubber parts.

HDPE parts

- Material: 15 mm non-toxic PE (polyethylene).
- Approved of EN 1171, part 1-3.
- UV-protected colours and raw material.
- Shock proof between -40°C to + 80°C.
- Free from heavy substances like chrom, lead etc.
- 20 years warranty on all PE-boards.

Nylon parts

- Material: spray cast PE.
- UV stabilized regarding shape and colour.
- Free from heavy substances like chrom, lead etc.
- Shock proof between -40°C to + 110°C.
- Low maintenance.
- 10 years warranty on all components of spray cast PE.

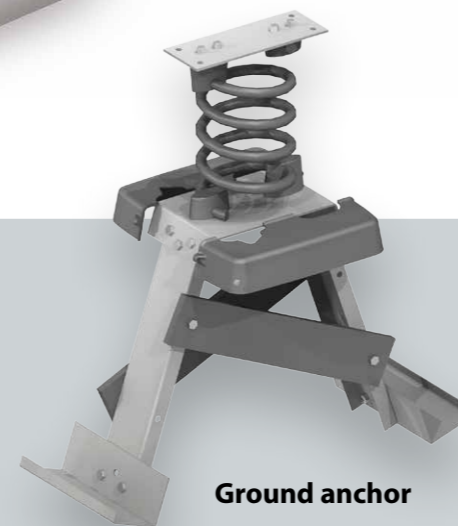

Metal parts

- Material: hot dip galvanized steel.
- UV stabilized regarding shape and colour.
- Free from heavy substances like chrom, lead etc.
- Low maintenance.
- 10 years warranty on galvanized parts.

Springs

- Material: 18 mm steel spring.
- Spring treated with zink and phosphor and finally powder coated.
- Patented and shock proof nylon cover for the in-ground part.
- Low maintenance.
- 5 years warranty on springs.

Ground anchor

All springers are fastened in the ground with our stalwart ground anchors.

Products approved of IAW EN1176

Safety has got top priority at LEDON, which is why all our play items of course are checked and approved of IAW EN 1176. All certifications are made by TÜV or corresponding authorities. The TÜV-badge is only for products that live up to very strict safety, reliability and quality regulations.
